Who Are Qualified To Vote in Alberta.

"Every male person shall be qualified to vote at the election of a member, who, not being an Indian, is a British subject, and of twenty-one years and has resided in the province for at least twelve months, and in the electoral district where he seeks to vote, for at least three months, immediately preceding the issue of the writ of election; provided, however, that an elector may only vote at the polling station of the polling division in which he is resident at the time of voting."

Willowdale.

Dr. Clark and J. C. Moore Address the Electors of Willowdale.

The evening of Oct. 1st will long be remembered in Liberal annals of Willowdale.

An immense audience numbering 8 greeted the Chairman, Mr. H. Towers, the world renowned concerting player, when he called the meeting to order. In a few eloquent sentences he outlined the Liberal policy past and future and said "we will now hear what Mr. Moore has to say to us."

Mr. Moore on rising to address the audience produced his campaign literature consisting of an ancient C. P. R. map and a recent copy of the Lacombe Advertiser. The map he hung up with the remark "see how red it is," he then proceeded to read and criticise the Advertiser, winding up his remarks with the sage quotation "by their works ye shall know them."

The Chairman then rose and said "If any of you fellows have anything to say for Root we will hear you for a few minutes," but the Dr. in a stage whisper said "you had better introduce me" which the chairman hastened to do. On arising, the Dr. complimented the chairman on his able address and passed on to more important topics. He said he did not wish to dwell on the Ames charges. No doubt he didn't! Proceeding he told about the 100 acres his boys had broken. His part of the farm work was to use the hoe and pick roots. He spoke of trading a horse for two steers, but our friend Wat, did not take the hint. He said the average man could only eat beef three times a day, gave a sketch of the silk industry in France and concluded by proposing to clap hands for the chairman. Thus ended the great Liberal rally at Willowdale.

The Mothers' Union.

On Monday afternoon a meeting was held at Mrs. (Dr.) George's to listen to a very interesting address given by Mrs. George's mother Mrs. Bernard, who is a prominent religious worker in Calgary. The subject of the address was the formation of a Mothers' Union at Red Deer. This society originated in England and is for the purpose of forming a bond between all mothers to deepen and strengthen the spiritual life of woman generally, to assist them in bringing up their families for God. "Train up a child in the way he shall go, and when he is old he will not depart from it" is the motto, and it is an established fact that the character of the nation is formed in the home. So it is very necessary that the home influence should be elevating and inspiring.

Mrs. George was elected President, and Mrs. G. W. Greene, while taking a deep interest in the work, preferred not to take an office, but consented to be Secretary pro tem. The fees are quite small so as to allow all to join, being 25c., with no yearly fee. This money is to supply members cards, literature, etc. It is hoped that every mother in Red Deer will join this Union, which cannot fail to be beneficial to themselves if the central idea is carried out.

Mr. P. F. Olsen Chosen Candidate at Socialist Convention.

A convention of the Socialists of the Red Deer riding was held Thursday afternoon in the Oddfellows Hall, Red Deer, at 2 p.m. Mr. P. F. Olsen called the meeting to order.

Mr. A. D. McKenzie was elected to the chair, and Mr. P. F. Olsen, secretary. Mr. C. M. O'Brien, organizer for the Socialist party in Canada, then addressed the meeting, twenty-four delegates being present.

By a unanimous vote, it was decided to run a candidate for the Federal House. Several comrades were nominated but for various reasons all declined but Mr. P. F. Olsen and he was made the unanimous choice. Several enthusiastic speeches were made, each determined on a candidate even at this late date, and finally convinced that the Socialists of Red Deer riding are sufficient in number to elect their candidate.

A financial and campaign committee was elected, with Comrade D. McClure, secretary. All persons wishing to contribute to the campaign expenses can address it to D. McClure, Red Deer P. O. The locals in the other parts of the district will select committees to look after the campaign in their localities.

Jesus Christ and The Election.

Last Sunday evening, in the Baptist Church, Mr. Goodfield delivered a sermon upon the above subject to a crowded house. The preacher, at the outset, scored those who, in thought and practice, endeavored to banish God from the practical affairs of life. He recommended the statement of Benjamin Franklin, who said: "The longer I live, the more convincing proof I see of the truth that God governs in the affairs of men" and also showed the need of Divine support, quoting the words of Voltaire. "Unless there be diffused among the people a prevailing belief in an Invisible and Omnipotent Power, all law must become inefficacious."

The first proposition was, Jesus Christ's vote would be considered (by Himself) a supreme privilege. The minister argued that so every true voter should conceive it. To understand history would be to value blessing and privilege of the individual vote. To cast our intelligent vote is to discharge our responsibility to the very principles of democracy.

Secondly, Jesus Christ's vote would be counted by the Supreme personality; that is to say, God! Christ in his word and work revealed Deity. The speaker referred to Queen Victoria, Gladstone and Lincoln, who sought Divine guidance in all matters of public interest, and cited other authorities who recommended such an appeal.

Thirdly, Jesus Christ's vote would be cast for Supreme principles, said the pastor.

We protect our boy's cap, coat, collar, trousers, shoes and jack-knife as a principle of our national trade policy, but the supreme aim of Christ would be protection for the boy himself. We glory in our golden grain, fat cattle, prize hogs, vegetables and mineral wealth, but, said the preacher, Christ would turn every time from our golden wheat fields to a golden-haired waif, from our exhibition hogs to our boys and girls. He would teach that the forces that make a prosperous community are not cabbages, timber or fisheries, but moral capacities and spiritual character. We must believe, with G. W. Curtis, that "The hope of free institutions lies in character."

Finally, Christ's vote would, in itself, constitute a supreme prophecy; it would be launched forth with a full consciousness of its influence on futurity. Mr. Goodfield gave the following illustration: Lord John Russell asked Mr. Hume "What do you consider the object of legislation?" "The greatest good to the greatest number," was the reply. "What do you consider the greatest number?" "The commoner's response. This is the too popular philosophy of our age."

Posterity demands our highest and best. We should consider the immortal influence of our vote and should vote in the interests of the unborn millions.

In conclusion, the preacher showed that the spiritual forces alone can perpetuate the institutions of Empire.

The music was specially adapted to the occasion.

Dr. Harvey, the eye specialist, is at Snell's jewelry store up to 6 o'clock this evening. If you want your eyes attended to, you should see him.

CAN JOHN T. MOORE
BLUFF THEM AGAIN?

In an interview in the Advocate John T. Moore states that he has been working for the interests of his constituency, and it was through his influence a subsidy had been procured for a line west some seventy miles.

For years about all John T. Moore has done has been to promise railways.

He has never, so far as we can ascertain, accomplished anything.

The Alberta Central Railway Company have a charter to the rocky mountains.

The subsidy does not read to the Alberta Central railway, but to "a railway."

The Alberta Central railway, we understand, must have subscribed stock to the extent of \$250,000, and ten per cent. paid up before they can secure a subsidy.

These requirements, we are informed, have not been complied with.

If the railway is built it will be by the C.P.R., no doubt.

C.P.R. surveyors are going to look over the ground.

The railway in question would be of no earthly use to any company except the C. P. R.

But the Laurier speakers and the Liberal press all say the C.P.R. company is Conservative, and is doing all it can to defeat the Laurier government.

The Laurier government is going to be defeated in any event, and the road, if it is built, will be built under the Conservative government, and by the C.P.R.

The western vote should therefore vote for Root and be on the side of prosperity and plenty for the farmer.

John T. Moore is looking for a little cheap notoriety.

And he will get it, no doubt, good and plenty.

He has just returned from his home in Ontario to be present at the elections, and help out his friend Dr. Clark.

He and his friends succeeded in turning down Geo. W. Smith at the nomination, and he is now putting in his best liks for the doctor.

He brings in this railway scheme just a few days before the election to try and fool the people, as they have been fooled for the past number of years.

First it was the railway act, which has been before the public for the past seven years.

Then a charter was put through for the electric railway, which has fared no better than the first. Now this third scheme is brought up.

It is evidently introduced by Mr. Moore to catch votes. And will, as soon as the elections are over, be laid away, with the rest of John T. Moore's schemes, to rest, until some future campaign comes up, when he will again trot out his pets and try to fool the elections again, unless the C.P.R. builds the road.

There is an old saying that you can fool some of the people all the time, you can fool all the people some of the time, but you cannot fool all the people all the time, and John T. Moore will learn this to his sorrow if he ever appeals to the people of this country again.

EDITORIAL NOTES.

Turn out the grafters.

A vote for Root is a vote to restore our lands to the people of Alberta.

We will never have better times until the bootler and grafter is turned out of office.

Mr. Oliver's speech Tuesday night was a defence of Burrows and Adamson, Smith and Turiff, Sifton and A. W. Fraser. It pledged the government, if sustained, to allow the land and timber deals to remain undisturbed. It rejects the plea of the farmer in the West for relief from the oppression which the Sifton regime has laid upon him.

It is said a fund of \$100,000 has been received by the Liberal party at Edmonton to be expended in Alberta in an attempt to carry the province for Liberalism. As Frank Oliver would say, "To h— with the expense."

Hon. Frank Oliver is not so optimistic to his friends on the street as he is on the platform. When in town on Wednesday morning in reply to a query as to the outlook, he replied, "The Lord only knows, I don't."

Clifford Sifton was a poor man twelve years ago. To-day he is considered worth several millions of dollars, while his salary has never been greater than seven thousand a year, his expenses could not be less than twenty thousand a year. How did he get this vast sum of money? The people should know.

Civil servants are not supposed to take any part in elections. Yet there is at least one postmaster acting as enumerator in this district.

We are informed enumerators have been asking electors how they are going to vote, and threatening that unless they vote for Clark their names will not be put on the list. If any voter will hand us the name of an enumerator who tries to intimidate him in this way, and will take an affidavit to that effect, we will see that Mr. Enumerator, whoever he may be, is duly and properly prosecuted to the full extent of the law.

TIME FOR CHANGE SAYS OLD LIBERAL.

Col. Gregory, of Lacombe, Alberta, Denounces Exploitation of the Public Domain.

Ottawa, Sept. 20.—One of the striking characters of the Anglican Synod, now in session in this city, is Lieut.-Col. J. J. Gregory, of Lacombe, in the constituency of Red Deer, Alberta. The Colonel is an old Ontario man, but left his home near Port Dalhousie, over twenty years ago, and has been a resident of the Province of Alberta for the past fifteen years. He is a life-long Liberal, but admits that the country is now ripe for a change, and that Mr. Horden's policy is the best for the country at this juncture.

Col. Gregory says the whole West is aroused over the revelations by Mr. Ames of the squandering of the public domain by the Government, by the distribution of coal lands and timber lands to party favorites and party friends. There is also a growing feeling in the West against the manner in which patronage has been dispensed.

Col. Gregory's views on the

railway question are very emphatic. He said the Liberals lost the opportunity of their lives when, instead of handing all the Western country over to the Grand Trunk Pacific, they did not extend the Intercolonial Railway to the Pacific Coast, and own and operate it in the interests of the people of Canada.

Penhold A. F. A.

A meeting of the A. F. A. was held on Saturday, Sept. 20th. Owing to the fact that 2 or 3 threshers were working in the neighborhood the attendance was small and most of the business was left over for the next meeting.

A letter was read from the Maple Leaf Flour Mills, Didsbury, re members having their wheat ground for flour. The matter was left over for the next meeting and in the meantime members are requested to hand the Secretary a note of the quantities they would have with a view to sending a special order.

After some discussion the following motion was passed: T. Parcells—W. Whiteside that in the opinion of this Assoc'n the Alberta Homestead should be more careful in the selection of their new items, which may be misleading, as for example, the Eldorado wheat swindle.

Next regular meeting the 3rd Saturday in October.

A. SPEAKMAN, Ass'n Sec.

Open Letter to Farmers' Advocate and Home Journal.

Dear Sir:— I have before me your editorial in the Advocate of date, Sept. 8th, 1008, entitled, equal freight rates a fallacy. In which you say, it is being proposed in connection with the scheme for government packing plants in Alberta, that the price paid farmers for hogs should be the same at all points in the province, a certain flat rate to cover freight being charged up against the business, and all farmers selling hogs, no matter where they lived, paying the same freight rate to the factory. That is to say a man living twenty miles from the factory would pay the same freight charges as a man living two hundred miles away or so, if hogs were shipped that distance. A proposal such as this is likely to be popular, especially in districts distant from the plant, but being economically unsound and manifestly unfair, it is not likely to work to the advantage of the government factories, if they are established. Now I wish to take issue with you on this question. In the first place I see that you are not acquainted with all the facts in the case, this proposition, which you say is economically

is the crowning event of the Tea Blender's Art.

omically unsound and manifestly unfair, was proposed by several members of Red Deer for a government operated (not a government owned and operated) plant, run on the same system or as near as possible to the present creamery system, and I just wish to draw your attention to the fact that the government operated creameries, and owned by the patron, are operated on the plan which you say is economically unsound and manifestly unfair. In this way, that the patron who lives right across the road from the creamery has to pay just as much for manufacturing his cream as he has to pay for the freight to take it to the factory, and it is this. There is another fact which I wish to point out to you, and that is this. I have page 206 of this Advocate before me, and your terms of subscription are that you sell your own manufactured article, Farmers' Advocate and Home Journal in Canada, England, Ireland, and Scotland for \$1.50. England, Ireland and Scotland get your manufactured article just at the same price that we poor farmers get it in Alberta, and I am proud of the fact that you are able to do so, because I feel when you see what our post office system has done for you, and every publisher in the Empire, that you will use the influence which your valuable journals have, in extending the same privilege which your business is now enjoying in every part of the Empire to the government operated pork plant, to the grain business, all kinds of manufacturing, in short, to embrace all kinds of freight and to all parts of the Empire.

It will give you an example of how it, to my mind, should be worked out. We all know that meetings of Presbyteries and Synods, where the ministers travel long distances to the place of meeting, prorogue their expenses, the minister living at the place of meeting, paying an equal share of the whole expense. Why do they do this? Simply because they have met there in the interest of the particular body which they represent, they are there for the good of the whole body, and therefore they prorate their expenses.

If we substitute the provinces for the individuals and prorate the freight, would you still think it economically

While attending the Press excursion a few days ago, President Dave Elton and the News man took a fatherly interest in Bro. Galbraith, and as we were held up we were able to see that nothing went wrong. But no sooner did we turn our backs on him and allow him to navigate for himself on his home journey, while we proceeded westward, than his troubles began. He rushed off the boat to rescue his pyjamas or something of that sort, took the freight wharf for the sidewalk, fell about eight feet, and was nearly killed. He was taken to the hospital and his injuries attended to. Fortunately no bones were broken and he was able to proceed on his journey after a day's rest. Next time we will take him with us. Were it not for the absolute knowledge that Bro. Galbraith took nothing stronger than ginger pop we might have felt suspicious that he was celebrating in our absence, but the only explanation we can give is that the mountain dew is very heavy at Nelson and he did not heed our warning to keep inside.

There will be a football match in aid of the hospital, Red Deer School vs. Town, at the fair grounds on October 22nd.

Will the Electors Take the Bait.

Mr. Editor:—

May I trespass on your valuable columns for a moment in an endeavor to warn the electors of this district of the bait that is being thrown out to them by our great and only member, John T. Moore, of Toronto, by advising us through the columns of the Advocate, an alleged interview to the editor of that paper, that he (Moore) had at last secured the support of the Dominion government for a grant to the Alberta Central, which is to run west from Red Deer.

Mr. Editor, I claim that a more direct bribe was never thrown out to the electors than this promise of the Alberta Central building a road. Is it not on record that a grant was placed in the estimates for a branch line of the C.P.R. running westward? Is it also not a fact that the C.P.R. have already secured land at the top of the hill, north of the river, namely, at Harris siding, for the said branch to begin in, and was it not on this account that the C.P.R. have expended in Red Deer, or are to expend, the sum of between a hundred and fifty and two hundred thousand dollars. From one on the inside it looks to the writer that certain rumors are correct, namely, that if our member, J. T. Moore, can secure a majority in his electoral district he is to be promoted to the senate, and his son J. C. Moore is to become his successor for the local house.

This arrangement, of course, is to materialize through the efforts of the machine, which is Peter Talbot, Duncan Marshall, and the Hon. Frank Oliver, being the same personnel that secured the nomination for Dr. Clark. There is no doubt but next week will see a number of men with a surveyor's outfit and tools, secured from some second hand store, going through Burnt Lake, Eokville, Leslieville and other districts in a wild endeavor to have the farmers allow them to place a station on their farms. Mr. Moore knows too well how his promises for good roads and some nine bridges took with the electors during his own campaign. So if by promising them such a trifling thing as a fully equipped railroad will secure for Dr. Clark a large number of votes, thereby giving a Liberal majority he will have fulfilled his promise, reaping thereby a soft seat in the senate, whereas as long as he lives he may warm a seat among that body of men, where all played out politicians are sent to.

Again I say, Mr. Editor, will the farmers bite at such a bare number of votes, thereby giving a Liberal majority he will have fulfilled his promise, reaping thereby a soft seat in the senate, whereas as long as he lives he may warm a seat among that body of men, where all played out politicians are sent to.

No, Mr. Moore, this promise is too thin for us to be caught with, the same as we were with your "bridges and good roads" and the 28th will tell that I am correct.

Yours very truly,

A VOTER.

A. F. A. Meeting.

The regular meeting of the Red Deer A. F. A. was held on Friday afternoon last, Oct. 2nd. President James Bower in the chair. Messrs. H. Jamieson, Jos. Cole, Sharnan, Jno. Rose, A. McBlain, J. Speirs, J. Comer, C. J. B. Ward, Jos. Wallace and Secretary Carswell were present.

A communication from the provincial secretary re. incorporation was read, and after some discussion was filed. A communication from the provincial secretary was also read and discussed with regard to finding a ready market for cattle in possession of members.

Messrs. Ward and Jamieson were appointed a committee to deal with the question of cattle in the hands of members, asking them to list some with the secretary if they cannot find sale for them.

Henry Jamieson brought in a report of the meeting of the executive that met recently to discuss the question of amalgamation with the Society of Equity.

He reported that the delegates practically agreed to unite, but that the question would have to be decided at the annual meeting in January. The name agreed upon was "The United Farmers of Alberta," and the motto "Equity." No politics will be allowed in the association, and the association will be very strong, as the Equity association claim a membership of 4,000.

The delegates to the January meeting will be instructed how to vote from the different subordination associations.

Moved by Henry Jamieson, seconded by Jos. Cole, that the secretary write to Mr. Froan provincial secretary, asking him to have the proposed constitution of the amalgamated societies of the A. F. A. and the society of

Equity published in the Alberta Homestead for the purpose of bringing it before the attention of the A. F. A. members for their consideration. Carried. Meeting adjourned.

Lord's Day Alliance.

The annual business meeting of the Lord's Day Alliance, Red Deer branch, was held in the Oddfellows' Hall, Wednesday evening, Sept. 30th, 8 p.m., with Rev. Fortune, President, in the chair.

Opened by singing a hymn, and devotional exercises by the choir.

Solos were rendered by Misses Huestis, McLeod and Tait, and Mr. Bright, for which they received a hearty vote of thanks at close of meeting.

Miss Huestis acted as accompanist very acceptably. Mr. McVicar, Secretary, read minutes of last meeting which on motion were approved.

Mrs. Greene presented a very satisfactory report for year ending 31st Oct. Receipts, \$33.35. Expenses, \$1 for stationery, leaving a balance of \$23.35 after paying \$50 to Mr. Underwood, General Secretary, Calgary.

Officers for ensuing year:—Hon. President—Rev. Fortune. President—Miss G. Good. Vice-Presidents—Ministers of the Town and Father Volsin. Secretary—Mr. McVicar. Treasurer—Mrs. Greene.

The following were appointed from each church to act with the executive: Presbyterian—Mr. Long. Methodist—Mr. G. W. Smith. Baptist—Mr. E. Michener. Anglican—Mr. Graham. Catholic—Mr. Loiselle.

Presbyterian—Mr. Long. Methodist—Miss J. McLeod. Baptist—Miss Good. Anglican—Mr. Graham. Catholic—Mrs. Wells. Rev. Fortune, in his address, stated the Sabbath was pretty well observed in Alberta, the exceptions being a few who went hunting and fishing and a few of the hotel-keepers in southern Alberta.

Rev. Huestis was appointed delegate to the Provincial Convention.

Meeting closed with the benediction by Rev. Fortune. The first meeting of the executive will be held at John McVicar's bookstore, Thursday evening Oct. 8th 7.30 p.m.

WHAT DID YOU THINK OF FRANK?

You citizens of Red Deer Who pay your country's bills, You people of a nation Who bear your country's ills, I want to ask a question— And I'll ask you now, point-blank, In the hall, the other evening, What did you think of Frank? He spoke of impositions That his party had to bear, Of lies, and graft, and scandal— That he thought them most unfair. He canvassed you for sympathy, And would not apologise For using up your money To help his enterprise.

He refused all the statements Of the Press from main to main. He sorted them, and some of them, He threw right back again. He said he couldn't understand The actions of a nation, Who doubted for a moment, their Sublime administration.

He didn't speak of ballot feeds, "Oh, the people all had seen." And he never said a word about The Fisheries Marine. We wanted information The things we'd heard about, But, when we asked them questions, Why, they tried to put us out.

He told us of the glories Of the coming G. T. P. "If you don't keep in the gov't, You won't get that," says he. Now isn't it annoying, To our actions such a talk, If Borden goes to Ottawa, I guess, we'll have to walk.

"You'd better wait awhile!" says he "Till some leaders you can get Who will hold a better policy. With scandal they're beset." We much regret that Oliver Misrepresents our views.

'Tis sad, because being trampled on, We revile them and abuse. I fancy that we wronged him, That evening in the hall, We never showed our sorrow For the greatness of our fall. Our resources are the country's, And our money is for them, And when they spend it wrongly, Why, be quiet—don't—condemn.

Be governed by the leaders, Frank told us then and there That it really didn't matter, And for him, he didn't care, How much money was needed To build the G. T. P.— And if H.E. doesn't bother, Then my friends, oh! why should we?

"Fall Plowing Pays,"

So say the Professors of Experimental Farms. As these men make a study of such experiments, then is it not well to take a leaf from their book? As we have the plows that cannot be beaten, and often not equalled, would it not be to your advantage to

BUY A COCKSHUTT PLOW.

We have a full and complete line of Riding and Walking Gangs, three different models of Sulky Plows, and six different kinds of Walking Plows, with prices consistent with the circumstances. Then why not buy from us; we guarantee absolute satisfaction, or money refunded. Look at the 86 farmers in this district alone who are using our wheel plows. Some of them have two and three. You can rest assured, when a man duplicates his first order, he is getting satisfaction. There is only one \$40.00 Sulky left. Someone is going to get the last snap left in the plow line. Better come in at once and see our 10 different styles of sample Plows; we have more samples alone than some agents have stock. We were never in a better position to serve your wants in the Plow line.
